May 13, 2011

To the Citizens, the Honorable Mayor, City Commissioners
and City Manager of the City of Opa-locka:

It is my pleasure to submit the Comprehensive Annual Financial Report (CAFR) for the City of Opa-locka, Florida, for the fiscal year ended September 30, 2010, pursuant to Section 218.39 of the Florida Statutes, Chapter 10.550 of the Rules of the Auditor General of the State of Florida and the City Charter. The financial statements included in this report conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). This report is published to fulfill that requirement for the fiscal year ended September 30, 2010.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The financial statements have been audited by Harvey, Covington & Thomas, LLC, a firm of licensed certified public accountants. The independent auditors have issued an unqualified opinion on the City's financial statements for the year ended September 30, 2010. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City of Opa-locka was incorporated in 1926 and operates under a Commission/City Manager form of government. The City Commission is comprised of the Mayor and four Commissioners, who are responsible for enacting ordinances, resolutions, and regulations governing the City; and appointing the members of various advisory boards. Additionally, the City Commission appoints the City Manager, the City Attorney and the City Clerk. As Chief Administrative Officer, the City Manager is responsible for the enforcement of laws and ordinances, and the appointment and supervision of the City's department heads.

The City provides a full range of services, including police, construction and maintenance of highways and streets and other infrastructure, recreational and cultural activities, water and wastewater, sanitation, planning and zoning, and general administrative services.

For additional information concerning our City, please visit our website at www.opalockafl.gov.

The financial reporting entity, under which the financial statements are prepared, includes all the activities and functions for which the City is financially accountable.

The City is required to prepare, approve, adopt and execute an annual budget. This annual budget serves as the foundation for the City's financial planning and control. Budgetary control is maintained at the departmental and fund level, with the finance department providing support to departments in the administration of their budgets. In accordance with the city's budget transfer policy, the city manager is authorized to transfer budgeted amounts within any fund or function; however, any supplemental appropriations or revisions that amend the total adopted budget must be approved by the City Commission. Budget to actual comparisons are provided in this report for all of the City's funds that have an appropriated annual budget.

LOCAL ECONOMY

The City of Opa-locka comprises approximately 4.2 square miles, has a population of approximately 16,000 and is located in the northern portion of Miami-Dade County. The City is a mix of residential, commercial and industrial zones with the Opa-locka airport, which is owned and operated by Miami-Dade County, being its best known landmark. The City of Opa-locka community is served by two elementary schools.

This year has been very challenging with a further decline in taxable property values and the implementation of legislative measures that have placed limits on how local governments can levy ad valorem taxes today and into the future.

The economic decline, which began in fiscal year 2007, continued to negatively impact the City during fiscal year 2010. Revenue sources that are directly related to consumers spending declined in the past three years. Home prices continued to decline and properties under foreclosures in the City of Opa-locka at the beginning of the fiscal year were approximately more than 75. The taxable property value in the City declined by 4.4% compared to the prior tax year.

The reliance on grant funds has risen due to decreases in other revenue sources. The City is aggressively applying for grants to supplement city monies to fund services, especially in the area of public safety, parks and recreation and infrastructure improvement.

National and state economics continue to be key factors in assessing the City's future fiscal picture. Changes in the national, state and local economies can affect both revenues and expenditures, due to the impact on tax receipts, revenue sharing, and the costs of providing city services. The 2010 census, recently completed, is anticipated to have some impact on revenue sharing for the City.

LONG-TERM FINANCIAL PLANNING

The City of Opa-locka's current focus related to economic growth is the creation of a community redevelopment agency (CRA) to help promote redevelopment in the City. The City has started this process by hiring an outside consultant to identify area of community redevelopment and prepare a Community Redevelopment Plan.

The designs for the major repairs of the City's four pump stations have been completed and permitted and construction is ready to commence any time soon. When finished, this project will allow the City to issue business permits to new businesses whose applications are currently pending.

In compliance with the City's financial integrity ordinance, the City's annual budget is adopted with the provision of \$500,000 for contingency reserve. As of September 30, 2010, the City's unreserved, undesignated general fund balance was 16% of general fund's fiscal year 2011 budget. The importance

of monitoring the City's fund balance levels has become an integral part of the overall financial planning of the City.

MAJOR INITIATIVES

It is no doubt that the fiscal year 2011 is another year full of challenges. This year our priorities include the construction of much needed repairs of 143rd Street and Alibaba Avenue, major repairs of four pump stations, implementation of free citywide bus route and the Ingram Park lakefront project. The most visible initiative for this fiscal year will be the construction of Sherbondy Park Village which includes a community swimming pool and gymnasium.

To help fund the City's major initiatives, we worked with the City's Financial Advisor to refund the City's Capital Improvement Revenue Bonds Series 1994, to take advantage of the current low interest rate and borrowed additional funds by extending the maturity date of the refunding bonds by two years past the original maturity date of the refunded bonds. On April 28, 2011, this transaction was completed and resulted in \$2.3 million of additional monies to fund the City's major initiatives.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement of Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2009. This was the fourth consecutive year that the City has earned this prestigious award. In order to be awarded a Certificate of Achievement for Excellence in Financial Reporting, the City had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its FY 2010-2011 budget document. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Finance Department and other departments. We wish to express our appreciation to the City Manager for his effective leadership, all the Departments who assisted and contributed to the preparation of this report. We acknowledge the services of Harvey, Covington and Thomas, LLC, the City's independent auditors.

In closing, without the leadership and support of the Mayor, the Commissioners, and the City Manager the accomplishments and future successes noted in this report would not have been possible.

Respectfully submitted,

Ezekiel O. Orji, CPA, Ph.D.
Asst. City Manager/Finance Director

ORGANIZATIONAL CHART

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Commission
City of Opa Locka, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Opa Locka, Florida (the City), as of and for the year ended September 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2011, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information on pages 3 through 15 and 44 through 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The introductory section, combining fund financial statements, schedules, and statistical section, are presented for purposes of additional analysis and are not a

required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The combining fund financial statements, schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Harvey Lorington Thomas, C.P.A.

Hollywood, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Opa-locka, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-iii of this report.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$23.264 million (net assets). Of this amount, \$7.706 million (*unrestricted net assets*) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net assets increased by \$.310 million.
- The City's governmental funds reported combined ending fund balances of \$5.933 million, a decrease of \$.918 million in comparison with the prior year. Approximately \$1.734 million of this amount is available for spending at the City's discretion (*unreserved, undesignated fund balance*).
- At the end of the current fiscal year, unreserved, undesignated fund balance for the general fund was \$2.402 million or 17% of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This management's discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (for example, uncollected taxes, and earned, but unused vacation leave).

Both the *statement of net assets* and the *statement of activities* of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

recover all or a significant portion of their cost through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, roads and streets, culture and recreation. The business-type activities of the City include water and sewer, solid waste, and storm water operations.

The government-wide financial statements can be found on pages 16-17 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City maintains thirteen (13) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and the safe neighborhood capital projects fund which are considered to be major funds. Data from the other eleven (11) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds are provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual appropriated budget for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with budget.

The basic governmental fund financial statements can be found on pages 18-21.

Proprietary funds. The City maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer, stormwater and solid waste operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

water and sewer, stormwater and solid waste operations. Water and sewer is the major enterprise fund of the City.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

Notes to the Basic Financial Statements

The notes to the financial statements provide additional information that is essential for a full understanding of the information provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 25-43 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$23.264 million at the close of the most recent fiscal year. This was an increase of approximately 1.3% compared to last year's net assets of \$22.955 million. The chart below shows the City's net assets over the last five years. Net assets of the City gradually increased for the last three years.

City of Opa-locka's Total Net Assets
(in millions)

By far the largest portion of the City's net assets (52%) reflects its investment in capital assets (e.g., land, buildings and building improvements, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

CITY OF OPA-LOCKA, FLORIDA

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Governmental Activities

Governmental activities decreased the City's net assets by \$.432 million. Key elements of this decrease are as follows:

- Property taxes decreased by \$482,465 due primarily to the decrease in property taxable value by 4.4%.
- Decrease in charges for services by \$445,815.
- The decreases above were offset by the increase in operating and capital grants by \$878,111. The increase was due to the grant revenue earned relative to the City's Sherbondy Village project.
- Total expenses increased by \$367,318 due to increase in the public safety and culture and recreation functions by \$1,143,291 and \$251,179, respectively, offset by the decrease in the general government functions by \$581,394 and internal transfers by \$122,285.
- Total increase in the public safety function was due primarily to grant expenditures related to public safety function while the increase in the parks and recreation function is due to increase in personnel costs.

Governmental Activities
Expenses and Program Revenues

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Governmental Activities
Revenue by Source

Business-type Activities

Business-type activities increased the City's net assets by \$.741 million. Key elements of this increase are as follows:

- For the most part total revenues and total expenses of the business-type activities were approximately at the same level as last year. Increase in net assets of the current fiscal year of \$.741 million is \$79,439 higher than last year. Charges for services increased by a very modest \$90,648. There was no significant increase in either utility rates or consumption.
- For the water and sewer utility, total expenses decreased by \$215,992 due primarily to the payment of legal settlement of \$275,000 made in prior year. There was no such payment in the current year. In stormwater fund, the increase in total expenses by \$119,690 was due primarily to the payment made to another government for the maintenance of citywide canals. This is the first payment towards this multi-year interlocal agreement for canal maintenance.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's funding requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$5.933 million, a decrease of \$.918 million in comparison with the prior year. Approximately 29 percent of this amount (\$1.734 million) constitutes *unreserved, undesignated* fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is *reserved or designated* to indicate that it is not available for new spending because it has already been committed to 1) pay debt service (\$.365 million), 2) pay capital project costs (\$1.494 million), or 3) various other restricted purposes (\$2.340 million).

General Fund

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unreserved, undesignated fund balance of the general fund was \$2.402 million, while total fund balance reached \$3.573 million. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved, undesignated fund balance represents 17% of total general fund expenditures, while total fund balance represents 26% of the same amount.

The fund balance of the City's general fund decreased by \$1.088 million during the current fiscal year. Key factors in this decrease are as follows:

- Total revenues of the general fund decreased by 8% due to decrease in property taxes, communication service taxes, local option, and use and fuel taxes, and franchise fees which were offset by the increase in utility services taxes and other revenues. Property taxes decreased by \$482,465 due to decrease in taxable property value by 4.4% from last year. The other revenue sources mentioned above are directly related to consumer spending and the decrease could be attributed to the current economic condition of the local and national economy
- Total expenditures of the general fund decreased by 4% due to decrease in expenditures in the general government function and decrease in capital outlay and interfund transfers. Decrease in the expenditure of the general government function is primarily due to termination and settlements payment made by the City in prior year.

Total expenditures	13,726,697	89%	14,292,777	122%	(566,080)	-4%

At the end of the current year, the Safe Neighborhood Capital Projects Fund decreased its fund balance by \$338,887. This is due mainly to the expected bond refunding proceeds that were budgeted to fund certain capital projects but was not materialized. For the fiscal year ended September 30, 2010, the City spent about \$612,000 towards the construction of Sherbondy Village, presently the biggest capital project of the City. Sherbondy Village composed of a gymnasium and a swimming pool.

Proprietary Funds

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net assets (deficit) of the water and sewer, stormwater, and solid waste funds at the end of the current fiscal year amounted to \$6.161 million, \$.696 million and \$(.577) million, respectively. The total increase in net assets for all enterprise funds was \$.742 million. Other factors

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year there was a \$168,310 increase in the appropriations between the original and final amended budget. Following are the main components of the increase:

- \$50,000 for additional fuel costs;
- \$198,280 for personnel costs related to 3% COLA;
- \$20,000 for recreational programs and activities;
- \$133,335 for weed and seed grant expenditures; and
- The interfund transfer of \$225,000 was eliminated.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2010 amounts to \$23.418 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and buildings improvement, machinery and equipment, park facilities, roads and utility systems. The total decrease in the City's investment in capital assets for the current fiscal year was .04%.

Major capital assets additions during the current fiscal year included the following:

- Construction began on the Sherbondy Village project; total construction costs for the current fiscal year was \$612,000
- \$34,680 for the bus circulator
- \$408,115 for Segal and Ingram parks improvements
- \$143,275 for fuel tank upgrade
- \$149,604 for vehicle equipment

Additional information on the City's capital assets can be found in Note 7 on pages 34-36 of this report.

Long Term Debt

At the end of the current fiscal year the city had total debt outstanding of \$11.491 million, a decrease of 6% from prior year.

Additional information on the City's long-term debt can be found on Note 9 on pages 37-39 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

In developing the Fiscal Year 2011 budget, the following economic and other factors were considered:

- The City's gross property taxable value for operating purposes decreased by 15.8%.
- Estimated amounts for consumption driven revenue estimated decline up to 2.2%
- Special programs funding were reduced.
- Directive from the City Commission to preserve all full-time employees.
- Aggressive applications for grants available for the City under the American Recovery Act.
- Refunding of the Capital Improvement Revenue Refunding Bonds Series 1994.
- The fiscal year 2010 budget approved millage rate is 8.800.

During fiscal year 2011, the City will be looking at the following programs/initiatives:

CITY OF OPA-LOCKA, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

- \$3.7 million Sherbondy Park improvement project
- \$.407 NW 128th Street improvement project
- \$.383 bus circulator
- Refunding of the Capital Improvement Revenue Refunding Bonds Series 1994
- Complete major upgrade of the eight pump stations.

All of these factors were considered in preparing the City of Opa-locka's budget for the 2011 fiscal year.

CITY OF OPA-LOCKA, FLORIDA
RECONCILIATION OF THE CHANGE IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2010

Amounts reported for governmental activities in the statement of activities (Page 16) are different because:

Net change in fund balances - total governmental funds (page 20)	\$	(918,483)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital outlays		1,414,042
Less current depreciation		(916,603)

The effect of other transaction involving capital assets:

Retirement of capital assets		(23,415)
------------------------------	--	----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments of bonds payable		240,000
Principal payments of capital leases		200,894
Capital lease proceeds		(149,604)

Some items reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported in the governmental funds. These activities consist of:

Change in compensated absences		(278,818)
--------------------------------	--	-----------

Change in net assets of governmental activities (Page 17)	\$	<u>(431,987)</u>
---	----	------------------

See notes to basic financial statements.

Notes to Basic Financial Statements

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Opa-Locka, Florida (the “City”) in Miami-Dade County, Florida (the “County”) was incorporated in 1926 by the Laws of Florida Chapter 13187. The City comprises approximately 4.5 square miles of land and operates under a Commission/City Manager form of government and provides municipal services to its residents, including general government, public safety, transportation, and parks and recreation. The City also operates water, sewer, storm water, and sanitation enterprises.

The accounting policies of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. This report, the accounting systems, and classification of accounts conform to standards of the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

A. Reporting Entity

The financial statements were prepared in accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, which establishes standards for defining and reporting on the financial reporting entity. The financial reporting entity consists of the City, organizations for which the City is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The City is financially accountable for a component unit if it appoints a voting majority of the organization’s governing board and it is able to impose its will on that organization or there is potential for the organization to provide specific financial benefits to, or impose specific financial burdens, on the City. Based on these criteria, entities were evaluated for inclusion in the City’s reporting entity with the following results:

The City passed ordinances in prior years establishing various neighborhood improvement districts. The following neighborhood improvement districts, which are considered to be component units of the City, have not been included in the financial statements because there has been no financial activity for several years and the funds have no assets, liabilities, or fund balances.

- 1) East-West Neighborhood Improvement District
- 2) Ali-Baba Neighborhood Improvement District
- 3) Niles Garden Neighborhood Improvement District

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and statement of activities) report information on all of the activities of the City. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use of directly benefit from goods, services, or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period, with the exception of expenditure driven (reimbursements) grants, for which the availability period is one year.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Property taxes, sales taxes, utility taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City

The City reports the following major governmental funds:

The **General Fund** is the general operation fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Many of the more important activities of the City, including operation of the City's general service departments; street and highway maintenance; public safety, parks, and recreation programs, are accounted for in this fund.

The **Safe Neighborhood Capital Projects Fund** accounts for revenue and expenditures of the CDBG and General Obligation Bonds funds from Miami-Dade County.

The City reports the following major proprietary funds:

The **Water and Sewer Fund** is used to account for the operation and maintenance of the City's water and sewer system.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments and other charges between the City's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's water and sewer, solid waste and stormwater enterprise funds, are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

D. Assets, Liabilities, and Net Assets or Fund Equity

1. Encumbrances

Encumbrances accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to serve that portion of the applicable appropriation, is employed in the General and Capital Projects Funds. Encumbrances outstanding at the balance sheet date are canceled.

2. Deposits and Investments

The City considers cash on hand, cash with fiscal agents, demand deposits, and certificates of deposit with and original maturity of (90) ninety days or less to be cash and cash equivalents.

For purposes of the statement of cash flows for proprietary fund types fund, all highly liquid investments (including restricted assets) with maturity of three months or less when purchased are considered to be cash equivalents.

Investments, consisting of U.S. Government securities, and certificates of deposit with financial institutions, are stated at cost plus accrued interest.

3. Receivables

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. The City calculates its allowance for uncollectible using historical collection data, specific account analysis, and management's judgment. Major receivables balances for the governmental activities include franchise fees and utility taxes, and amounts due from other governments. Business-type activities report utility billings as major receivables.

4. Inventories

Inventories are valued at cost, which approximates market, using the first-in, and first-out method. Inventories in the General and Enterprise Funds consist of fuel and expendable supplies held for consumption. The costs of Governmental Fund type inventories are recorded

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

as expenditures when consumed rather than when purchased. In the governmental funds, reported inventories are offset by a fund balance reserve which indicates that they do not constitute available spendable resources.

5. Restricted Assets

Restricted assets include cash and cash equivalents of the governmental and enterprise funds that are legally restricted as to their use. Cash and cash equivalents are restricted for debt service, customers' deposits, revenue bond requirement, and sewer system improvements.

6. Capital Assets

Capital assets, including land, buildings, improvements, infrastructure, and equipment assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$500 and an initial useful life of one year or greater. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extended the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Buildings, improvements, infrastructure and equipment assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Building Improvements	10-50
Infrastructure Systems	30
Equipment	3-10
Vehicles	3-10

7. Inter-fund Transactions

Activities between funds that are representative of lending/borrowing arrangements at the end of the fiscal year are referred to as "due to/from other funds" or "advances to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Non-current portions of long-term inter-fund loan receivables are reported as advances within the governmental funds, and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources, and therefore, are not available for appropriation.

Transactions among City funds that would be treated as revenues and expenditures or expenses if they involve organizations external to City government are accounted for as revenues and expenditures or expenses in the funds involved.

Transactions that constitute reimbursements to a fund for expenditures initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the reimbursed fund. Transactions, which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective funds' operating statements.

8. Deferred and Unearned Revenues

Deferred revenues in the governmental funds represent amounts due, which are measurable, but not available. In the statement of net assets, deferred revenues represent grants and similar items received; however, the City has not met all eligibility requirements imposed by the provider.

9. Compensated Absences

It is the City's policy to permit employees to accumulate, with certain limits, earned but unused vacation time and sick leave hours for subsequent use or for payment upon termination, death or retirement. For government-wide statements and proprietary fund types, these accumulations are recorded as expenses and liabilities of the appropriate fund in the fiscal year earned. For governmental fund types, the amount of accumulated unpaid vacation and sick leave that is payable from available resources is recorded as a liability of the respective fund only if they have matured, for example, as a result of employee retirements and resignations.

10. Fund Equity

Reservations of fund balance represent amounts that are not appropriated or are legally segregated for a specific purpose. Restrictions of net assets are limited to outside third-party restrictions. Designations of fund balance represent tentative management plans that are subject to change.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

11. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets invested in capital assets, net of related debt excludes unspent debt proceeds.

Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City first applied restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

12. Deferred Compensation Plan

The City offers its employees a deferred compensation plan (the "Plan") created in accordance with Internal Revenue Code Section 457. The Plan, available to all City employees, allows them to defer a portion of their salary to future years. The City's direct involvement in the Plan is limited to remitting the amounts withheld from employees to the Plan's administrator. The deferred compensation plan is not included in the City's financial statements.

13. New Accounting Pronouncement Adopted

At September 30, 2010, the City adopted the provision of GASB Statement No, 51, *Accounting and Financial Reporting for Intangible Assets*. This statement required that all intangible assets not specifically excluded by its scope provisions be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. This statement also provides authoritative guidance that specifically addresses the nature of these intangible assets. Such guidance should be applied in addition to the existing authoritative guidance of capital assets.

As a result of the implementation of GASB 51, the City determined that easements were donated to the City in prior years and have indefinite useful life. Accordingly, the City opted to apply the provisions of GASB 51 prospectively.

NOTE 2. DEFICIT FUND EQUITY

The City reported fund balance deficit of (\$347,729), (\$281,723), (\$157,604), and (\$144,471), for its Safe Neighborhood Capital Project, Opa-locka Police Youth Academy, Crime Prevention, and STOP/VAWA funds. The City will correct these fund balance deficits by way of appropriating funds from the general fund in its fiscal year 2010-2011 budget.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

NOTE 3. PROPERTY TAXES

Property taxes are levied on November 1st of each year, at which time taxes become an enforceable lien on property assessed as of the previous January 1st. Tax bills are payable upon receipt with discounts rates of one to four percent allowed if paid prior to March 1 of the following calendar year. Taxes become delinquent on April 1 of the year following the year of assessment and State law provides for enforcement of collection of property taxes by the sale of interest-bearing tax certificates and the seizure of personal property to satisfy unpaid property taxes. Miami-Dade County bills and collects all property taxes for the City, and sells tax certificates for delinquent taxes.

The net assessed value of property, as established by the Miami-Dade County Property Appraiser, at July 1, 2009 upon which the 2009-2010 levy was based, was approximately \$913.362 million. For the year ended September 30, 2010, the millage rate to finance general government services was 8.5467 (\$8.5467 per \$1,000 of assessed taxable value). The City is permitted by the State to levy a maximum of 10.00 mills (\$10 per \$1,000 of assessed taxable value) for general government services.

No accrual for the property tax levy becoming due in November 2010 is included in the accompanying financial statements since the legal right to receive these taxes occurs on November 1, 2010, and such taxes are collected to finance expenditures of the fiscal year ending September 30, 2011.

NOTE 4. DEPOSITS AND INVESTMENTS

As of September 30, 2010 the City's cash are considered to be cash on hand, demand deposits, and short term investments with original maturities of three months or less from the date of acquisition.

Deposits

All deposits with financial institutions are fully insured or collateralized as required by the City Commission. The deposits are covered by federal depository insurance and, for the amount in excess of such federal depository insurance, by the State of Florida's Public Deposits Act ("the Act"). Provisions of the Act require that public deposits may only be made at qualified public depositories. The Act requires each qualified public depository to deposit with the State Treasurer eligible collateral equal to or in excess of the required collateral as determined by the provisions of the Act. In the event of a failure by a qualified public depository, losses, in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository, are assessed against the other qualified public depositories of the same type as the depository in default.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Investments

The City is authorized to make direct investments in U.S. government, federal agency, and instrumentality obligations at a price not to exceed the market price at the time of purchase. In addition, the City may invest in certificates of financial institutions insured by the United States government or agencies thereof and repurchase agreements.

As of September 30, 2010 the City has no investments.

NOTE 5. DISAGGREGATION OF RECEIVABLES AND ACCOUNTS PAYABLE BALANCES

NOTE 6. INTERFUND BALANCES AND TRANSFERS

Transfers are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them or (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. These transfers are eliminated in the consolidation, by column, for the Governmental Activities. Inter-fund balances result from the time lag between the dates that (1) inter-fund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

Interfund balances as of September 30, 2010 consisted of the following:

Due from/to Other Funds	Due From Other Funds	Due to Other Funds
Major governmental fund:		
General fund	\$2,325,209	\$250,827
Safe Neighborhood capital projects	104,383	977,492
Nonmajor governmental funds	532,687	993,439
Major enterprise fund:		
Water and sewer	443,708	907,182
Nonmajor enterprise funds	782,219	1,059,266
Total	\$4,188,206	\$4,188,206

Interfund transfers for the year ended September 30, 2010, consisted of the following:

Transfer in:	Transfer out	Amount	Purpose
General fund	Capital Imp. Debt Service	\$699,359	Transfer excess funds
Total		\$699,359

Total	<u>\$510,504</u>

NOTE 8. LEASES

Operating Leases

The City leases building and office facilities under non-cancelable operating leases. Total costs for such leases were \$498,686 for the year ended September 30, 2010. The future minimum lease payments for the leases are as follows:

<u>Year Ending September 30</u>	<u>Amount</u>
2011	\$498,686
2012	424,414
2013	417,662
2014	417,662
2015	417,662
Thereafter	69,610
Total	<u>\$2,245,696</u>

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Capital Leases

The City has entered into lease agreements as lessee for financing the acquisition of various vehicles. The City also financed the acquisition of water meter reading equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception dates. Future minimum payments under the lease agreements and the present value of minimum payments as of September 30, 2010 are as follows:

Year Ending September 30,	Governmental Activities	Business-type Activities
2011	\$158,644	\$422,978
2012	69,517	422,978
2013	30,905	422,978
2014	-	422,978
2015	-	422,978
2016-2020	-	422,978
Total minimum lease payments	259,066	2,537,868
Less: amount representing interest	(11,839)	(306,067)

For governmental activities, compensated absences are generally liquidated by the General Fund.

Long-Term Debt – Governmental Activities

Long-term debt of the City's governmental activities, excluding compensated absences and capital leases, include the Series 1994A Capital Improvement Revenue bonds, bearing annual interest rates ranging from approximately 5.0% to 6.125%, and are payable from a pledge of Grantee Entitlement Revenues which must be shared by the State of Florida, in annual principal installments ranging from \$125,000 in 1998 to \$570,000 through 2024.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Long-Term Debt - Business-Type Activities

Long-term debt of the City's business-type activities, excluding compensated absences and capital leases, consists of the following:

- a) State Revolving Loan Note Project No. CS120800020 - for \$480,816, bearing interest at rates ranging from 2.89% to 3.75% due in 20 annual payments of \$32,365, including interest, from July 31, 1994 through July 31, 2013, secured by a lien on Pledge Revenues as defined by the State Revolving Fund loan agreement.
- b) State Revolving Loan Note Project No. CS12080003P as amended - for \$1.827 million, bearing interest at a rate of 2.56% and 1.54%, due in 40 semi-annual payments of \$53,240, including interest, from June 15, 2003 through December 15, 2022, secured by a lien on Pledge Revenues as defined by the State Revolving Fund loan agreement.
- c) State Revolving Loan Note Project No. WW800050 - for \$2.375 million, bearing interest at a rate of 1.53%, due in 40 semi-annual payments of \$71,143, including interest, secured by a lien on Pledge Revenues as defined by the State Revolving Fund loan agreement.
- d) Settlement with the Florida Department of Transportation (FDOT) - for \$632,954, bearing an implied interest rate of 4.11%, due in 119 monthly payments of \$5,319, including interest, from January 2001 through December 2013. In accordance with an agreement between FDOT and the City, payments were temporarily suspended on August 1, 2002 and commenced again on October 1, 2005.

Debt Service Requirements

The annual requirements to amortize all long-term debt outstanding at September 30, 2010, other than the liability for accumulated vacation and sick leave and the capital leases, are as follows:

Fiscal Year ending September 30,	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2011	\$255,000	\$342,475	\$278,051	\$66,375
2012	275,000	323,925	283,091	61,335
2013	290,000	304,150	287,872	56,300
2014	315,000	282,975	213,477	51,143
2015	335,000	261,691	201,880	46,886
2016-2020	2,005,000	964,841	1,076,969	166,859
2021-2024	2,100,000	266,438	925,685	51,944
Thereafter	-	-	169,904	1,898
	<u>\$5,575,000</u>	<u>\$2,746,495</u>	<u>\$3,436,929</u>	<u>\$502,740</u>

Summary of Debt Covenants

Series 1994A Capital Improvement Revenue Bonds – Debt service is provided by a pledge of guaranteed state revenue sharing funds, local option gas tax revenues, and the half-cent sales tax.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Reserves must be maintained equal to the maximum bond service requirement. At September 30, 2010 the City had on deposit with the trustee for these bonds, a reserve account insurance policy which unconditionally and irrevocably guarantees the full and complete payment required to be made by or on the behalf of the City.

Pledge Revenues - the City's agreement under the State of Florida Revolving Loan Fund Program requires the City to generate Pledged Revenues, as defined by the agreement, from the services furnished by its water and sewer systems equal to or exceeding 1.15 times the sum of the semiannual loan payments. As of September 30, 2010 the City is in compliance with this requirement.

The amount of long-term debt that can be incurred by the City is limited by the charter of the City. Total general obligation bond of the City outstanding in any one fiscal year can be no greater than 15% of the assessed value of taxable property as of the beginning of the fiscal year. As of September 30, 2010 the amount of bonds outstanding and notes payable exclusively from the revenues of a municipal project was less than 5% of property assessments as of September 30, 2010.

Bonds payable exclusively from the revenue of a municipal project may be issued and outstanding without regard to the 15% limitation; however, such an issue would be subject to the limitations imposed by the City's charter with respect to restrictions on bonds parity with or junior to the Series 1994A Capital Improvement Revenue Bonds.

NOTE 10. DEFINED BENEFIT PENSION PLAN

Florida Retirement Systems Plans - The City participates in the State of Florida Retirement System (the "System"), a cost-sharing multiple-employer defined benefit plan or defined contribution retirement plan which covers substantially all of the City's full-time employees. The FRS was established in 1970, by consolidating several employee retirement systems. All eligible employees as defined by the State who were hired after 1970 and those employed prior to 1970 that elect to be enrolled, are covered by the System.

Benefit provisions and all other requirements are established by Chapter 121, Florida Statutes and any amendments thereto can be made only by an act of the Florida Legislature. Employees of the FRS may participate in either the Public Employee Optional Retirement Program (the "Investment Plan"), a defined contribution retirement program or in the defined benefit retirement plan (the "Pension Plan"). Eligible members of the Investment Plan are vested after one year of service and are directed to choose their investment product with a third party administrator selected by the State Board of Administration.

Employees participating in the Pension Plan have their benefits computed on the basis of age, average final compensation and service credit. Benefits under the Pension Plan vest after six years of service. Employees who retire at or after age 62, with ten years of credited service, are entitled to an annual retirement benefit, payable monthly for life. A post-retirement health insurance subsidy is also provided to eligible retired employees through the FRS defined benefits retirement plan.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Summary of Florida Retirement System Contributions,
Covered Payroll and Percentage of Covered Payroll

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Covered payroll	\$7,881,811	\$8,038,470	\$6,770,729
Contributions	1,084,207	1,079,604	896,318
% of Covered Payroll	13.75%	13.43%	13.23%

The City is required to contribute amounts necessary to pay benefits when due as defined by State Statute. Such contribution requirements ranged between 12.55% and 23.25% of gross salaries during fiscal year 2010. For the fiscal years ended September 30, 2010, 2009 and 2008, the City contributed 100% of the required contributions. A copy of the System's annual report can be obtained by writing to the Division of Retirement, Cedars Executive Center, 2639-C North Monroe Street, Tallahassee, Florida 32399-1560 or by calling (850) 488-5706.

NOTE 11. RELATIONSHIP WITH THE COUNTY

In 1955, the Florida Legislature approved and submitted to a general election a constitutional amendment designed to give a new form of government to the County of Miami-Dade. The County is, in effect, a municipality with governmental powers effective upon more than 29 cities, including the City, and the unincorporated areas. It has not displaced or replaced the cities, but supplements them. The County can take over particular activities of the City's operations if (1) the services fall below minimum standards set by the County Commission, or (2) with the consent of the governing body of the City.

Since its inception, the County has assumed responsibility for a number of functions, including county-wide police services, complementing county-wide fire protection; consolidated two-tier court system; creation of the various surface transportation programs; installation of a central traffic control computer system; merging all public transportation systems into a county system; and centralization of the property appraiser and tax collector functions.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Commitments

Water Supply and Sewer Services Contract

In February 1985, the City entered into an agreement with Miami-Dade Water and Sewer Authority (the "Authority") for the purpose of providing to the City all of its potable water supply and sewer services for a period of thirty (30) years subject to termination at any time by operation of law or by mutual consent of the City and the Authority. For the year ended September 30, 2010 and 2009, the City purchased water and sewer services totaling \$2,523,667 and \$2,302,926 respectively, from the Authority under the terms of this agreement.

Solid Waste Collection and Disposal Contract

On March 1, 2010, the City entered into a Residential Solid Waste Collection and Disposal Agreement (the Agreement) with a third party contractor. The Agreement is for a period of three years terminating

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

on September 28, 2013. The contract maybe renewed for additional one (1) year period unless either the contractor or the City notify the other of its desire not to extend at least sixty (60) days prior to the termination date of the original contract term or any renewal term.

Contingencies

The City participates in a number of Federal and State grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The possible disallowance of any item charged to the program or request for the return of already collected funds may be disallowed by the grantor agency. Any potential disallowed amounts cannot be determined at this time. No provision for any liability that may result has been made in the financial statements. The City expects such amounts, if any, to be immaterial.

Various other claims and lawsuits, which arose in the normal course of operations, are pending against the City. In the opinion of management, based on the advice of the City's Attorney, the outcome of these actions is not anticipated to have a material effect on the financial position and results of operations of the City.

NOTE 13. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan (the "Plan"), which is administered by two administrators. The portion of the plan administered by the International City Management Association Retirement Corporation ("ICMA") was created in accordance with Internal Revenue Code Section 457 (a qualified plan). The other portion constitutes a nonqualified plan benefit and is administered by the Equitable Life Assurance Society ("Equitable"). The Plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in this plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

All assets and income of the Plan are held in trust for the exclusive benefits of the participants. The City makes no investment decisions and has no fiduciary responsibilities regarding the Plan; therefore, the assets and liabilities of the Plan are not included in the City's financial statements as September 30, 2010.

NOTE 14. RISK MANAGEMENT

The government is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. The City has not had a significant reduction in insurance coverage from coverage in the prior year by major categories of risk, and settled claims have not exceeded the City's retention and excess coverage in force for each of the past three years.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

NOTE 14. REQUIRED SUPPLEMENTARY INFORMATION

Under GASB Statement No. 34, budgetary comparison information is required to be presented for the general fund and each major special revenue fund with a legally adopted budget. The City adopts annual operating budgets for the general fund and all special revenue funds. Budget and actual comparison for the General Fund is presented in the Required Supplementary Information section of the report. Budget and actual comparisons for other funds are reflected in the Combining Statements section.

NOTE 15. PRIOR PERIOD ADJUSTMENT

The following discloses the restatement of governmental activities and certain governmental fund balances as of the beginning of the fiscal year:

	<u>Governmental Activities</u>
Net assets beginning of year, as previously stated	\$10,838,743
Write-off of outstanding receivable previously collected	(509,331)
Write-off of outstanding payable previously paid	971,100
Net assets beginning of year, as restated	<u>\$11,300,512</u>
	<u>FEMA Fund</u>
Fund balance beginning of year, as previously stated	\$598,535
Write-off of outstanding receivable previously collected	(509,331)
Write-off of outstanding payable previously paid	971,100
Fund balance beginning of year, as restated	<u>\$1,060,304</u>

NOTE 16. SUBSEQUENT EVENT

On April 28, 2011, the City refunded its Capital Improvement Revenue Refunding Bonds Series 1994 (Refunded Bonds) by issuing Capital Improvement Revenue Refunding Bonds Series 2011A (Series 2011A) for \$5.393 million and Series 2011B Series 2011B) for \$2.320 million. The proceeds of the Series 2011A bonds were used to retire the Refunded Bonds and to pay for cost issuance. The proceeds of the Series 2011B bonds will be used to fund capital projects as identified in the bond documents and to pay for cost issuance.

NOTE 17. MANAGEMENT'S REVIEW

Management has evaluated subsequent events through May 12, 2011, the date which the financial statements were available for issue.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BUDGETARY COMPARISON SCHEDULE

NOTE 1. BUDGETS AND BUDGETARY ACCOUNTING

Chapter 166, Florida Statutes, requires that all municipalities prepare, approve, adopt and execute an annual budget for funds as may be required by law or by sound financial practices and generally accepted accounting principles. The budgets control the levy and the expenditure of money for City purposes in the ensuing fiscal year. The budgeting process is based on estimates of revenues and expenditures. The City budgets are prepared on a modified-accrual basis or accrual basis of accounting in accordance with generally accepted accounting principles.

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to August 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of an ordinance.
4. Budgetary control is maintained at the departmental and fund level, with finance department providing support to departments in the administration of their budgets. In accordance with the City's budget transfer policy, the City Manager is authorized to transfer budgeted amounts within any fund or functions; however, any supplemental appropriations or revisions that amend the total expenditure of any fund must be approved by the City Commission. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbrances outstanding at the balance sheet date are canceled.
5. Annual operating budgets are legally adopted for the General, Special Revenue, Debt Service, Capital Projects, and Enterprise Funds. All budgets are on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control is the department level. This is the level at which expenditures may not exceed appropriations.
6. All annual appropriations lapse at fiscal year end.
7. The final budget includes supplemental appropriations which have the effect of adjusting the original budget. General fund supplemental appropriations amount to \$168,310 for the fiscal year ended September 30, 2010 which consist primarily of:
 - a. \$50,000 for additional fuel costs;
 - b. \$198,280 for personnel costs related to 3% COLA;
 - c. \$20,000 for recreational program and activities;
 - d. \$133,335 for weed and seed grant expenditures; and
 - e. Elimination of the \$225,000 interfund transfer-out.

CITY OF OPA-LOCKA, FLORIDA
NOTES TO BUDGETARY COMPARISON SCHEDULE

NOTE 2. BUDGETARY EXPENDITURES IN EXCESS OF APPROPRIATIONS

For the year ended September 30, 2010 expenditures exceeded appropriations in the city attorney, building and licenses, community development, police, code enforcement, and parks departments of the general by \$22,956, \$19,918, \$281,094, \$30,145 and \$87,793. The over expenditures were funded by available fund balance in the case of the general fund.

Combining and Individual Statements

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for revenues derived from specific sources that are legally restricted to expenditures for particular purposes.

Police Special Law Enforcement – used to account for the receipt and disbursement of the State’s special law enforcement trust fund, fines and forfeitures.

Boy Scout – used to account for the proceeds from donations to the City’s Police Explorer Program.

Opa-locka Police Youth Academy (OPYA, formerly DJJ Aftercare Program) – used to account for revenues received from the Department of Juvenile Justice for conditional release services provided by the City.

Crime Prevention – used to account for special slate grants to the City to develop a crime program prevention program.

STOP/VAWA GRANT- used to account for grants from the Department of Children and Families to provide domestic violence law enforcement services to victims.

FEMA Fund – used to account for grant receipts from the Federal Emergency Management Agency, through the State of Florida, to fund restoration projects in relation to a declared natural disaster.

Peoples Transportation Tax – used to account for the City’s prorated share of the Charter County Transit System Surtax proceeds. The monies received can be used toward projects and programs such as public transportation operations, street lighting, and transit system enhancements.

Local Law Enforcement Block Grant – (LLEBG) – used to account for grants to the City from the Department of Justice to reduce crime and improve public safety.

DEP Waste and Water and South Florida Water Management Grant – used to account for grant money received from the Department of Environmental Protection to assist in the upgrade of the City’s drainage systems.

Community Redevelopment Agency – used to account for the redevelopment within the City.

DEBT SERVICE FUND

Capital Improvement Debt Service – used to account for the sinking fund requirements of the Series 1994A Capital Improvement Revenue Bonds.

III. STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Opa-locka's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the readers understands how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the readers assess the City's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help readers assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators that help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the readers understand how information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented Statement 34 in the fiscal year 2003; schedules presenting government-wide information include information beginning in that year.

(1) The City stopped its library services in fiscal year 2003. During the fiscal year 2007 Miami-Dade County opened and operated a library in the City. The City contributes to the library's operating expenses by paying the operating lease of the library location.

IV. COMPLIANCE SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members of the City Commission
City of Opa Locka, Florida

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Opa Locka, Florida (the City), as of and for the year ended September 30, 2010, which collectively comprise the City's basic financial statements and have issued our report thereon dated May 12, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City, in the accompanying schedule of findings and questioned costs.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, City Commission, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Mayor and Members of the City Commission
City of Opa Locka, Florida

Compliance

We have audited the City of Opa Locka, Florida's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2010. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of City's compliance with those requirements.

In our opinion, the City, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2010.

Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, City Commission, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF OPA LOCKA, FLORIDA
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended September 30, 2010

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal grant activity of the City of Opa Locka, Florida (the “City”). The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

For purposes of the Schedule, federal awards include all grants and contracts entered into directly between the City and agencies and departments of the federal government and pass-through agencies, as applicable. The City did not transfer awards to subrecipients during the fiscal year ending September 30, 2010.

<u>Federal Program</u>	
Flood Mitigation Grant	97.039

Dollar threshold used to distinguish between Type A and Type B

Federal Programs: \$300,000

Auditee qualified as low-risk auditee for federal award programs? X Yes _____ No

CITY OF OPA LOCKA, FLORIDA
Summary Schedule of Findings and Questioned Costs
For the Year Ended September 30, 2010

SECTION II – FINANCIAL STATEMENT FINDINGS

OTHER MATTERS – CONTROL DEFICIENCIES

2010-01 – Utility Billings

Condition

During our test of controls over utility billings we noted the following:

- Collection actions were noted on 3 out of 50 customers' account selected for testing but there were no record of collection proceedings or actions being taken.
- Two related party accounts have been in dispute since 2003. During our review of the disputed accounts we noted the former Utility Billing Supervisor made a recommendation to the City Manager on how to settle the dispute with the customer, but no action has been taken. In addition, another account, for the same customer was subsequently opened and is currently active.

Criteria

Utility billing procedures should include accounts reconciled timely and accurately to ensure customer are billed accordingly.

Cause

Customer accounts are not being properly maintained, reviewed and reconciled in a timely manner by the appropriate City personnel.

Effect

The City may be unable to collect the amount due from accounts that are not timely reviewed.

Recommendation

We recommend the City review the utility billing process currently in place and implement procedures that will allow for effective and efficient monitoring of customer accounts.

View of Responsible Officials and Planned Corrective Actions

Management strongly believes that the action taken on the accounts noted are in accordance with the City's policies and procedures.

CITY OF OPA LOCKA, FLORIDA
Summary Schedule of Findings and Questioned Costs
For the Year Ended September 30, 2010

SECTION II – FINANCIAL STATEMENT FINDINGS (CONTINUED)

OTHER MATTERS – CONTROL DEFICIENCIES (CONTINUED)

2010-02 User Access

Condition

During the course of the audit we performed procedures testing the access levels for several users and determined that the access levels permitted for two users were not consistent with their job functions and duties. Employees have users access to system modules which should be read only as they do not work in those departments.

Criteria

User access levels provide an added layer of internal controls in order to prevent errors or fraudulent activities. Processing cash receipts are usually segregated by the authorization, recording and custody functions. The purpose of this is to prevent and detect fraudulent financial activities.

Cause

Users have full access to functions that should be read only based on their job functions.

Effect

Internal controls that are currently in place could be circumvented which would allow for the possibility of fraudulent activity to occur.

Recommendation

The City should review the access controls of it employees to determine that employees only have access to functions as required and considered necessary to carry out their assigned job duties.

View of Responsible Officials and Planned Corrective Actions

The City's internal control includes review of all adjustments made to the accounting system. Unauthorized or deleted transactions, if any, are captured in this report. Management believes that this internal control procedure mitigates the risk of the user access noted. However, management had since reviewed and updated the access level of all employees.

SECTION II – FINANCIAL STATEMENT FINDINGS (CONTINUED)

OTHER MATTERS – CONTROL DEFICIENCIES (CONTINUED)

2010-03 Personnel Files

Condition

During our audit, we observed that personnel files are not being kept current and in some instances were incomplete. Our review of personnel files did not include supporting documentation authorizing pay increases and were missing the employee handbook sign-off page. It was noted per inquiry of City staff and our review that the pay increases noted were supported by a resolution of the City Commission for COLA adjustments. During our audit, it was also noted that the HR department is in the process of updating all personnel files.

Criteria

A complete file should be prepared and updated for all employees. Employee files should maintain the proper documentation to support salary at authorized pay rates and other pertinent information.

Cause

Personnel files reviewed did not have the appropriate documentation to support pay rates tested.

Effect

Without having the proper supporting documentation in the personnel files, it appears that staff could be receiving pay at unauthorized pay rates.

Recommendation

We recommend the HR department implement procedures to ensure that proper supporting documentation is placed in the personnel files providing an appropriate audit trail of authorization and approval affecting personnel during their review process.

View of Responsible Officials and Planned Corrective Actions

The pay increases noted were in fact Cost of Living Adjustments (COLA) that were given to all employees per a Resolution passed by the City Commission. The COLA was properly adjusted into each employees' file in HRB Solutions, the City's personnel management software. It was agreed with the auditors that a printout from HRB reflecting the current pay rates will be printed and filed in each employee's personnel file to correct the deficiency noted.

**MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES
OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

Honorable Mayor and Members of the City Commission
City of Opa Locka, Florida

We have audited the financial statements of the City of Opa Locka, Florida (the City), as of and for the fiscal year ended September 30, 2010, and have issued our report thereon dated May 12, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters, Independent Auditor's Report on Compliance and Internal Control over Compliance Applicable to each Major Federal Program, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated May 12, 2011, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports or schedule:

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in preceding annual financial audit report.
- Section 10.554(1)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the City complied with Section 218.415, Florida Statutes.
- Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, findings and recommendations are incorporated in the accompanying schedule of findings and questioned costs.
- Section 10.554(1)(i)4., Rules of the Auditor General, requires that we address violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the determination of financial statement amounts that is less than material but more than inconsequential. In connection with our audit, we noted no such matters.

- Section 10.554(1)(i)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that are inconsequential to the determination of financial statement amounts, considering both quantitative and qualitative factors: (1) violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, and (2) deficiencies that are not significant deficiencies. In connection with our audit, we noted no such matters.
- Section 10.554(1)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The required information is disclosed in the City's September 30, 2010 notes to the financial statements.
- Section 10.554(1)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Section 10.554(1)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the City for the fiscal year ended September 30, 2010, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2010. In connection with our audit, we determined that these two reports were in agreement.
- Pursuant to Sections 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, we applied financial condition assessment procedures as of September 30, 2010. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of the City of Opa-locka, members of the City Commission, management, the Florida Auditor General, federal and state awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

We would like to thank the management and staff of the City of Opa-locka for their assistance and courtesy during the engagement. Please feel free to contact us with any questions or comments, as we would be pleased to meet with you at your convenience.
